

THROUGH AMERICANS OUT' CRIES ANGRY MOB IN CHIHUAHUA CITY

Mass Meeting Demands Immediate Withdrawal of American Troops From Mexico; Gen. Jacinto Trevino Addresses the Crowd and Thanks the People for Their Display of Patriotism.

(By Associated Press.)

CHIHUAHUA CITY, Mexico, June 11.—(Via Mexican telegraph to Juarez, June 12.)—Bitter feeling toward Americans was expressed by crowds thronging the streets here today in response to a call for a mass meeting to protest against United States troops remaining in Mexico. However, the throng was orderly and it seemed that threatened riots would not develop.

Gen. Trevino Thanks Mob.
The demonstration began with a parade through the principal thoroughfares of the city. Gen. Jacinto Trevino, commander in chief of the military forces, accompanied the military band, and, standing from the balcony of the military canton, he thanked them for their patriotic display. For more than 20 minutes the crowd accorded him an ovation, during which cries to "throw out the Americans" were frequent.

Large Nation To Act.
At the mass meeting, the various speakers urged the nation to emulate "the noble Chihuahuas," the vanguard of the republic, who in 1848 opposed the advance of the invader with their dead bodies.

Demonstration at Parras.
Reports received at military headquarters today from Gen. Jose E. Santos at Parras, told of a recent public mass meeting in which 2000 citizens protested against the American policy in Mexican affairs.

Reputation of Gaviro Agreement.
Official reputation of any agreement made between the generals Gaviro and Pershing at the recent Casas Grandes conference was announced at military headquarters here today. It was pointed out that Gen. Gaviro exceeded his authority in treating on military subjects with the American expeditionary commander.

Claims Trevino Has 50,000 Men.
No other explanation was offered, but the announcement, coupled with the strong anti-American sentiment here, caused some little excitement. High officials of the government began to estimate available Mexican forces in the event of armed hostilities. It was said that in addition to his present

command Gen. Jacinto Trevino has subject to his call in the state of Chihuahua alone 50,000 men, all veterans of the various revolutions of the last several years.

Bandits Pursuit Continues.
Despite the somewhat critical situation here, the campaign against the bandits is being pursued actively. Gen. Ignacio Ramos reported today he was pursuing them along the upper Rio Grande, while a column under Gen. Dominguez Arrieta, now on its way north from Durango, has been ordered to stop at Jimenez if necessary to assist in the annihilation of the band. It is claimed Villa himself was in command of the outlaws, but this is not generally credited here.

Gen. Nafarrete telegraphed from Tampico that the Tampam cavalry had encountered a command under the bandit leaders, Chao and Marquez and ut them to flight after heavy losses.

From Southern Chihuahua Col. Zuniga reported that he had engaged the Martin Lopez band at Lamas, capturing two prisoners, whom he executed later.

Villa Ammunition Found.
Reports of the discovery in several caves in northern Durango of caches of Villista ammunition, about 25,000 rounds of Villista rifle ammunition reached Gen. Trevino today. He said he was arranging for its transportation to a safe place.

Ten men are being held here for participation in the recent attack upon the Chihuahuas. Foreign club, while Gen. Trevino is arranging with the civil authorities to compensate the club for the damage done.

OWNER OF RANCH SAYS RAID WAS INSIGNIFICANT
San Antonio, Texas, June 12.—T. A. Coleman, owner of the ranch near Laredo that was raided by bandits, telegraphed to Gen. Funston today that his reports to him indicated that the raid was of a character almost insignificant. No unusual activity in that district was indicated in any military reports received today.

Americans Seized, Released.
Many Americans living in the district bordering the Rio Grande are arriving here with the intention of remaining until rumors of new danger from bandit raids had been quieted. "The men and children from a number of outlying ranches have been sent here as a measure of precaution."

Mexicans Fire on Americans.
George R. Alexander, foreman of the T. A. Coleman ranch, with three men left the ranch at daybreak today, taking the horses to a pasture at Webb, Texas. When 12 miles from the Rio Grande, they were attacked from the rear by Mexicans who had been following them. The Mexican rifle fire was too much for the ranchers and they were compelled to take to the brush, abandoning the horses, which the bandits made off with.

Alexander hurriedly rode to Miera and reported the incident to officers here by telephone. Arrangements for the pursuit were immediately begun.

CONOVER SAYS RAIDERS WERE FIVE MEXICANS AND TWO JAPS
Laredo, Texas, June 12.—George Conover, an American cowboy, captured by Mexican bandits yesterday when he and Arthur Meyers trailed these marauders, who raided the T. A. Coleman ranch at San Samuel, arrived in Laredo late last night after a 20 mile trip on foot after his escape from the Mexicans.

He said the band which sought to rustle 50 head of horses across the border was composed of five Mexicans and two Japanese. The Japanese, he said, were later captured by de facto government troops. He and Meyers attempted to follow the Mexicans making away with the horses and cause the animals to stampede, but they were captured. Conover said he was treated well by the Mexicans, but the two Japanese wanted to hang him.

The bandits left him and Meyers at a secluded place and told the Americans to await their return. The Americans then took flight, hiding in the brush, when the Mexicans came back to look for them. The searchers passed within 15 yards of the refugees.

A number of armed citizens and state rangers were dispatched to Webb, Texas, north of here early today on a report that railroad bridges were being burned. The report was found to be groundless.

YAQUI INDIANS KILL 30 VAQUEROS NEAR FUNDICION
Douglas Ariz., June 12.—Thirty Mexican vaqueros engaged in a roundup near Fundicion, in the Sahuapita district of southern Sonora, were attacked and slaughtered by Yaqui Indians several days ago, according to apparently reliable reports here today. The reports said that the band, said to be under the leadership of chief Mori, recently broke through the line of Carrancista troops established in the northern Yaqui river valley and have been committing depredations in the district since.

600 BANDITS PUT TO FLIGHT
Carranza Troops Attack a Large Band of Villistas South of Parral.

Chihuahua, Mex., June 12.—Six hundred Villa bandits were defeated and routed Sunday, 50 miles south of Parral, in the Rio Florida district, according to reports received here by Gen. Trevino from Gen. Ignacio Ramos.

Only meager details of the engagement were contained in the reports, which said that a battle was fought in Lomas de Buena Vista, which lasted from daylight until darkness and finally resulted in the bandits fleeing brokenly before the Carrancista soldiers.

The outlaws, the remnants of several bands, whose leaders had been killed and the members scattered in the hills by the American expeditionary command, under several Villista minor leaders, began concentrating in the hills of Buena Vista, which was said, it was said, of attacking mining properties in Parral. Gen. Ramos and Gen. Hernandez, heading strong columns, were dispatched to break them up.

The report said that the bandits were being pursued south toward the Durango border by Gen. Ramos' command, while Gen. Hernandez, occupying Torreon de Canas and the Rubi ranch at Los Nieves, is cutting off their retreat westward into the Sierra Madres.

NEEDS ONLY 12 MORE TO FILL COMPANY A; NEW MEN FROM LA MESA DISTRICT.
Las Cruces, N. M., June 12.—Recruits for company A, the local company of New Mexico national guard to the number of 12 left here Sunday night for Columbus. Only 12 more recruits are needed by company A to take the place of the number who failed to pass the physical examination. Most of the number were from La Mesa and that section of the Mesilla valley. All of them were Spanish-Americans.

NO RECRUITS FROM TRAINING CAMPS, SAYS GEN. HERRING
Columbus, N. M., June 12.—After the Santa Fe company of the New Mexico national guard was mustered into regular army service Sunday with a full complement of 42 officers and men, Adj. Gen. Harry T. Herring made a statement in which he denied published reports that New Mexico is attempting to obtain recruits from citizens' training camps in the southwest. He pointed out that recruits are being taken from all over the state. Lieut. O. L. Brunell, mustering officer, said that mustering would probably continue all week.

Reports from Gen. J. J. Pugh, expeditionary commander at Colonia Dabau, indicated no trouble anywhere along the line of communication.

EL PASOANS MAKING TOUR FROM SAN FRANCISCO TO SEATTLE AT PRESENT.
C. H. Lester and son, Roy, who recently made a record breaking automobile drive over the Borderland route from El Paso to San Diego in four days and two hours, at a total expense of \$42, are now driving from San Francisco to Portland and Seattle. A letter from Mr. Lester, under date of Oakland, Cal., last Friday, says:

"We are getting along fine, that is, when we don't stop to visit or for sightseeing purposes. Had a fine run up here, but the 50 miles of so-called 'ridge road' or the Tuleon Pass, sure calls for careful driving."

"Notwithstanding this place of road we made very good time, leaving Long Beach Tuesday morning and arriving here at 2 p. m. Wednesday."

"Tomorrow morning we leave on the run north to Portland, Ore. I do not know how long it will take, but suppose about four days. When we have a little spare time I will use it in describing the trip north."

"I think now I will drive about 100 miles of the Columbia River highway as I have not seen it for several years and, after reaching Seattle, will drive on up and look over our Canadian cousins and their city of Vancouver."

"Roy and I are feeling fine and the car appears fully prepared."

THREE MEXICAN RAIDERS KILLED

Three Others Are Captured Near Scene of Raid Sunday Says Report.

Laredo, Texas, June 12.—Three of the band of Mexicans who participated in the raid on the T. A. Coleman ranch at San Samuel, yesterday, were killed and three more captured today, according to a report received here. The report did not make it clear whether the pursuers were Texas rangers or American troops in command of Capt. Weiborn.

Since three of the bandits were reported captured early today this accounts for nine of the band.

American cavalry commanded by Capt. Ole W. Bell, who pursued Mexican bandits following a raid on the T. A. Coleman ranch near San Samuel, did not cross the international border.

Brig. Gen. Mann, commanding the American forces here, has been advised that the Mexicans, evidently thinking they were about to be overtaken, had abandoned the 30 horses they had seized on the ranch. The horses were where the bandits had left them when they fled across the river.

The bandits, or whoever they were, said Gen. Mann, "evidently got cold feet" fearing the presence of American troops and abandoned the horses before they could rush them across the border."

SECRETARY BAKER SENDS 1400 MORE MEN TO BORDER
Washington, D. C., June 12.—Secretary Baker announced late today that 1000 additional coast artillerymen and a battalion of engineers were sent from this city to be ordered to the Mexican border for patrol duty. In all about 1400 men will be added to Gen. Funston's command.

that the Mexicans, evidently thinking they were about to be overtaken, had abandoned the 30 horses they had seized on the ranch. The horses were where the bandits had left them when they fled across the river.

ANTI-AMERICAN CALLS SENT OUT

Literature Attacking Americans Now Circulating at Casas Grandes.

By GEO. H. CLEMENTS.

Temporary Headquarters, Punitive Expedition, U. S. Army, near Colonia Dabau, Mex., June 11, via Radio to Columbus, N. M., June 12.—Incendiary calls for mass meetings and of ribald verse which were largely responsible for recent anti-American outbreaks in the cities of Chihuahua, Durango and other parts of central Mexico have made their appearance at Nueva Casas Grandes and other nearby towns, the circulators probably having in mind the creation of anti-American feeling in this portion of the state of Chihuahua.

Thus far the matter has had no effect, except the creation of amusement that such stuff should result in arousing the Mexicans to a pitch of frenzy as described in the dispatches which were the action of the Chihuahuas and Durango mobs.

The verses are particularly atrocious from almost every point of view, and are seriously looked upon as representative of the feelings of the people as a whole, are calculated to make Americans very angry. Native in this section and several residents of the City of Chihuahua who have come into camp during the past day or two deny that either call to the people to prepare for arms which appears to be inevitable, or the verses are sanctioned by any appreciable number of Mexicans and by none of these who have the best interests of the country at heart.

There is not the slightest evidence that the circulation of the stuff is having any effect here. The natives are earning more money than they ever earned in their lives before, building roads and handling freight in the quartermaster's department and many have called on their friends to pay no attention to the frenzied calls issued by irresponsible persons in the state capital.

ANTI-AMERICAN FEELING INCREASING, SAYS REPORTS

Washington, D. C., June 12.—Increasing excitement and anti-American feeling throughout northern Mexico is described in today's dispatches to the state department. In many cases it was said at the department the Carranza authorities appear to be indifferent to what is going on. Details of the reports were not made public.

Officials made no attempt to conceal their anxiety over the situation. All dispatches were read by Secretary Lansing and the more important were sent to the white house.

Equally disquieting reports are reaching the department of justice from along the border.
